West, a farmer, was taken yesterday by the girl's father to the scene of the crime, where he was shot to death by a mob nine miles from Summerland, Saluda county, about 9 o'clock last night.

Etheridge was employed at the home of West. Thursday afternoon he asked the child to accompany him to feed the stock, and while at the barn he attacked her. The child was horribly bruised, but the negro failed in his purpose. "He probably will recover."

Night was fast approaching and upon inquiry they found that they were in Rochester Center. After walking as long as the light would permit, they selected a secluded spot in the woods and laid down to sleep. Yesterday about noon they arrived home foot sore and hungry, but somewhat the wiser for their experience.

He was sleepy, however, and merely tucked the vest back under the pillow.

Yesterday morning when they awoke, Mr. Gallup could not find his trousers. After a while they were found outside the tent and about \$30, which was in one of the pockets, was missing. WAS FINED \$1.

Man Posted Fusion Bills on Trees in Middlebury.

Middlebury, Aug. 21.—A man giving the name of Hermon Gross, who was posting posters announcing a Clement rally in this village, on shade trees and before private residences, was arrested yesterday, taken before Justice W. H. Sheldon, and fined \$1 and costs of \$5.10. This was paid by Proprietor Higgins of the Addison and the man was released.

There is a suspicion that the man did not give his real name. He came to this village on the early morning sleeper, wandered to the Addison house and went into Mr. Higgins' private apartments instead of the public entrance. Mr. Higgins got him into the hotel office and before he started out on his work told the man that it was against the law to post bills on private property without the owner's consent. After posting some bills about the railroad station, the man began tacking his posters on trees in the park in front of the town hall. He was ordered by the authorities to stop this, but continued and went to tacking the posters to private property, when complaint was made and he was dealt with according to law.

CALLED A "DICTATOR"**

At Democratic Caucus Held in Burlington, Which Named His Candidate for City Representative.

Burlington, Aug. 21.—Mayor Burke's candidate for city representative was nominated at the Democratic caucus last night, but only after a great deal of turmoil. C. D. Gratton was the successful nominee, winning from J. J. Knight by 54 to 36. There were about 350 Democrats in the hall but the use of the clock list barred a great number of them from voting.

Mayor Burke was given a severe denunciation, being called a dictator, boss, etc. This Mayor Burke denied, saying that he wanted to see a clean man nominated. Mr. Knight, the defeated candidate, accused the mayor of telling one man that if he didn't vote for Gratton he would lose his job with the city; whereas the man, who was Jack Gaine, is alleged to have told the mayor "to take his job and go to h—l with it."

DIES BY DROWNING**

Harold Stewart of South Burlington Lost His Life in the Winooski River Yesterday Afternoon.

Burlington, Aug. 21.—Harold Stewart, the thirteen-year-old son of Mr. and Mrs. Charles H. Stewart of South Burlington, was drowned in the Winooski river yesterday afternoon while bathing. Young Stewart was spending the day in Winooski and with Charles and Raymond Fitzpatrick started for the river. The boys headed for the cove, the water at this point being very low, and with pants turned up they waded across to Weston's island. Young Stewart, however, went in alone, and had gone but a short distance when he threw up both hands and disappeared.

The Fitzpatrick boys became alarmed and as neither one could swim they started back and gave the alarm. Boys were put out from both the Burlington and Winooski shores and men dove at various points until dark, without finding any trace of the body. The spot where the accident happened is one of the worst in the river, being at a point between Weston's island and the point of land just above the cotton mill. The water is very low in the river, but at this point it is estimated to be from eight to fifteen feet in depth.

The drowned lad was an exceptionally bright child, having attended the Winooski graded school while his parents resided on the Vitas farm north of the village.

**CLAIMS A VICTORY
BY OVER 20,000 VOTES**

Thad M. Chapman of the Republican State Committee, Says Proctor Will Carry Every County in the State.

Thad M. Chapman, who is chairman of the Republican state committee, today claims a Republican majority of 20,000 at the state election September 4. Mr. Chapman says: "Every county in the state will show a majority for the Republican state ticket on the evening of September 4. Rutland county, the home of Candidate Clement, will give to the Republican ticket a gratifying majority. Rutland City will be Republican."

"A tidal wave has set in and it is growing in volume each day. Lamolle county, claimed as a strong Fusion county two weeks ago, will give a Republican majority of over 1,000.

"Washington county, the home of G. Hebert Pease, Democratic-Independent candidate for lieutenant governor, will be Republican by a majority that is growing larger every day. Even Benning county, the home of the 'Benning idea,' and the home of Edward J. Hall, the Independent candidate for auditor, will be loyal to the Republican column."

"I am not prepared to state positively what the Republican majority in the state will be, but a close and conservative estimate places the figures close to 20,000. I have every reason for believing that the majority will exceed 20,000, but it is not my intention or desire to overestimate our strength."

**OTTAWA JOINS RUTLAND
IN LEAVING THE LEAGUE**

Canadian Players Are Behind Two Weeks' Salary and Treasury Is in the Hole to Extent of \$8,000.

A large-sized peg in the Northern league coffin was driven in last night when Ottawa after a meeting which continued until 1:30 this morning, voted to disband. The salaries of the players are two weeks in arrears, and the association is in debt to the amount of about \$8,000.

The Rutland treasury, too, is in a flat condition, as it was found at the meeting of that association last night. The stockholders of the association passed a resolution upholding Manager McManus in imposing a fine on all the players for insubordination in refusing to play in Burlington last Saturday. The fines amount to the salaries due the players up to the Saturday game. The players threaten to resort to legal means to obtain their salaries, but lawyers express the belief that they have no grounds for action.

A committee of players was received at the Rutland meeting last night, and they presented their grievances. Rutland is quite hot because of the action of the players in refusing to go to Burlington Saturday, as it is said their salaries would have been forthcoming by popular subscription. They point to the fact that no Rutland player ever left that city without his pay in full.

Mrs. McMillan was asked to disclose, which she did. Today the officers are searching about after a certain person, as the result of the disclosure.
